Colors

The powder-coated finishes available for Ultra Railing, Gates and Accessories are all applied with a special Ultra™ Powercoat™ finish to resist harsh weather and heat.

Colors shown represent an approximate comparison and may vary slightly from actual product color.

Designed for Beauty and Strength
 Ultra Arbors are engineered to be easy to install. Unlike most vinyl arbors, they stand straight and sturdy, and won't rack and wobble. They are designed to last for years and years without the worry of ongoing maintenance.

Add a Gate
 Gates can be made to fit the openings of our standard 48" opening, or any size you desire.

Custom-Sizes
 Ultra can design an arbor to fit a particular size opening and almost any depth. Ask your Ultra rep for details.

Gloss or Textured Finishes

Advanced Powercoat™ allows us to produce a high-quality, long-lasting finish, which is also environmentally friendly. Powercoat is twice the thickness and hardness of a typical baked enamel finish, and meets AAMA 2604-6 standards for the ultimate in durability and UV Protection.

Ultra is proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our Powercoat coating process is environmentally friendly and virtually pollution-free.

Materials

All Ultra railing components are extruded from Ultrum™ 6005-T5 alloy, with a minimum ultimate strength of 35,000 psi. Ultra posts come in a variety of thicknesses, and are also Powercoat™ finished.

Ultra Lifetime Warranty

Ultra Aluminum railing products are guaranteed for life against defects in workmanship and/or materials. The Powercoat™ finish is guaranteed for life against cracking, peeling or chipping.
